EDMONTON'S FUTURE ASSURED

Telegraph reports emanating from Ottawa tend to show that the Canadian Pacific Railway are determined to get into Edmonton regardless of expense. They have allowed the government to build them to build a bridge over the Saskatchewan one hundred and fifty feet above water level. It will be a high level bridge and will cost in the neighborhood of \$250,000. This explains the numerous visits of Canadian Pacific Railway officials to Edmonton of late and the secret conferences held with the city council. It also explains the mysterious movements of C. P. R. surveyors who have been running lines along the banks of the river and between Strathcona and Edmonton. The C. P. R. have certainly wakened up to their mistake of the past. Up until very recently they refused to enter Edmonton under any conditions. They turned down the offer of running rights over the present bridge and now they are going to build a bridge of their own at a cost of over two hundred and fifty thousand dollars. The C. P. R. is a big company and can well undertake big schemes. The Calgary and Edmonton railway belongs to the C. P. R. and there is no doubt but that it will be pushed far north to tap that tremendously rich country. Edmonton's days of small things are past and she is on the threshold of a mighty growth. The signs of the times show her to be rapidly assuming the position, which old timers have looked for for twenty years, that of the leading city of the far west.

RETURNED TO CANADA

Flaunders.—Mr. H. Pearce, of Partridge Hill, returned Monday evening from a visit to England. While not one of the authorized farmer delegates of the Immigration Department Mr. Pearce was much in their company while in England and assisted them in the campaign of recruiting the attention of the British people to the Canadian North-West as a desirable place in which to settle with a view to improving their condition in life. Mr. Pearce remained in England a month after the delegates, among whom was his brother, Mr. T. G. Pearce of Agriola, and persuaded about forty young Englishmen to accompany him to the West. Most of them secured employment before reaching Calgary. A few came through to Strathcona with Mr. Pearce and will locate in this district. He believed that the government will require to keep a very close supervision of the Bartons for a year or so as to guard against suffering and disappointment which would be disastrous to the future of British emigration to Canada.

MISSIONARY FOR PEACE RIVER DISTRICT

Alberta.—Rev. Mr. Simpson, the Presbyterian minister who is a few weeks away from the Peace river country is in the city making preparations for his departure for the Grand Prairie. The actual date of the departure has not been definitely decided upon yet but will be within a very few weeks probably shortly after the meeting of the Presbyterian assembly. The journey will be by way of Edmonton on the overland to Athabasca Landing, then by boat which is towed by stately men to Lesser Slave Lake, then overland to Peace River Landing then overland to Dunsmuir and on some distance to the spot where he will locate. The journey will take from four to six weeks. Mr. Simpson is very enthusiastic over the prospects of the Peace river country which in his opinion has wonderful possibilities. It is a wonderful grain growing country, is well wooded, has a good climate, and a very desirable community to anyone to settle in if he is willing to wait a few years for the coming of the railway. Mr. Simpson will be accompanied by Mrs. Simpson.

Storm in Montana

Butte, Montana, May 22.—Ten feet of snow is reported from Butte, Montana to-day, and the thermometer is ranging from four to six degrees below zero. Trains are operated under the greatest difficulty. A conservative estimate to-night places the loss of stock about \$4,000,000 and the number of head lost is figured at about 30,000.

Western Railroads

Ottawa, May 19.—The Manitoba and Northwestern Railway company's bill was called at the railway committee today. The road is owned by the C. P. R. The company asks power to build or acquire a railway from a point on its main line between Yorkton and Prince Albert, westerly and northwesterly to a point on the Saskatchewan river, near Battleford, thence to Wetaskiwin, on the Calgary and Edmonton, also a railway from Churchbridge to a junction with the Phasant Hills branch of the C. P. R. Bonding powers of \$20,000 a mile were asked and the time for construction extended for two years to begin and five to complete.

Mr. McCreary has had charge of the bill and Mr. Davis, Saskatchewan, asked to hold it over until a delegation reached Ottawa from Prince Albert. This delegation wanted the main line completed to Prince Albert first. Mr. Sutherland said that before the extensive powers asked for were granted, the people who had gone and settled on the expectation and the distinct promise that the main line would be carried on to Prince Albert, ought to be considered. He favored the time to be granted to the Prince Albert delegation to reach Ottawa.

Mr. Davis' motion to postpone the bill was defeated. It was afterwards arranged to put off the bill until a date fixed for by the chairman.

The bill to incorporate the Macleod and Cardston and Montana railway was discussed at the railway committee. It was for a road from Macleod via Cardston to the International boundary. Mr. A. W. Fraser, on behalf of the company said that he would consent to limit the branch to 30 miles to connect with the Kootenay oil wells. The bond issue was reduced from \$25,000 to \$15,000 per mile. The clause giving the company power to build pipe lines and deal in petroleum and petroleum production, and the clause relating to it were struck out at the request of Mr. Blair. The clause regarding the issue of preference stock was also struck out and the bill reported.

NOTES FROM THE FAR NORTH

Mr. Livock of the Hudson Bay Company will leave the Landing on Saturday for the north. Mr. Livock goes on his annual tour of inspection, visiting all the principal posts on the Peace, Athabasca and Mackenzie river districts.

Mr. Jos. Macdon and Mr. Spence, both of the geological survey accompanied by Mr. Livock, are far as Peace River Landing.

In the same boats to Lesser Slave Lake are a party of six young men on their way to visit the Peace River and Grand Prairie districts, one of

them being from Australia and one from New Zealand.

Owing to the extreme low water in the Athabasca some of the northern traders have not yet left Athabasca Landing with their transients. Messrs. Swiggart and Hislop expect to leave this week as the recent rain is raising the water.

Mr. W. L. Wood, of the Hudson Bay company, loaded and started twelve of his boats this week for Lower Athabasca and Mackenzie river districts.

We are sorry to say that owing to the last rain the small pieces of passable road that were left between Edmonton and the Landing have also taken the water route via Athabasca and Saskatchewan Rivers.

The many friends and acquaintances of Mrs. Gibbons, of the Sturgeon, will be sorry to learn that she sustained a very severe accident, from the effects of which she has since been confined to her bed but is now slowly recovering.

The hotel accommodation at Athabasca Landing is taxed to its utmost just now by the number of people on their way through to the north and west.

IN THE STURGEON DISTRICT

H. Harrison Young returned yesterday from a trip of inspection to Lake St. Anne about fifty-two miles west of Edmonton. A new bridge is being built at the second crossing of the Sturgeon.

The work of driving the piles began yesterday and the structure will be rushed through to completion. It will be a good-end to the numerous settlers who are flocking into that district. Dan Meyers has a saw mill here that is running at full blast. The mill will do a very large amount of custom sawing, a very large number of fine logs are being piled up about the mill. Mr. Young went out to see if any new dust was allowed to enter the river. He found everything in a satisfactory condition and the law in this respect will be fully observed.

MUSIC

VERNON HANFORD, Organist of All Saints Church, gives lessons on Piano and Organ, Suite in McDonald Block, corner of Second St. and Jasper Ave.

WILL OFFER ON

MONDAY, MAY 4th, 1903,

200 = LOTS = 200

A portion of the ROWLAND ESTATE, otherwise known as "THE SYNDICATE."

Plans and Prices can be seen at the Office on and after the date mentioned.

This is the closest and best property available, and the choicest in and about Edmonton. The furthest part is from 10 to 15 minutes from the post office. The property is eminently the people's portion: is not controlled by a policy of inertia dictated by "Hebraic Hatred." The surveys conform to existing ones, and the streets will be projected to their legitimate confines. Building Sites on the verge of the hill overlooking the mighty Saskatchewan, the foliage and verdure of whose banks is not exceeded by the fiercest tropics or softest Pacific scenes, abound. Prices will be uniform and moderate, tempered as a corrective of the present indefinite craze.

TERMS.—One third Cash. Balance 6 and 12 months, interest 8 per cent. Agreements \$2 each, transfers free.

W. H. HOOPER COMPANY

REAL ESTATE. EDMONTON.

British Empire League

Ottawa, May 19.—The British Empire League held its annual meeting in the parliament buildings today. Col Denison presided in the chair. The attendance was very small, but included Sir William M. Lock, Sir Sanford Fleming and Mr. Tarte.

Col. Denison's address went very fully into various phases of the imperial problem from the standpoint of defense, trade, etc.

Alex. McNeill, ex-M. P., seconded adoption of the report. Tarte, who has long taken an interest in the league's work, spoke with satisfaction of the freedom the French Canadian enjoys under British rule. While not seeing eye to eye with Denison in the matter of defense, he fully recognized the wisdom of the young men in Canada fitting themselves to defend their country in time of need. Canada could not open her markets to British goods without tariff restrictions, but there are lines in which reciprocity would be an undoubted boon.

Mulock proposed a resolution in favor of inter-imperial preferential trade, and in so doing said, the first step toward that end was taken by Canada in 1897, when the preferential tariff became law. Now South Africa and Australia are moving in the same direction and the speech of Chamberlain, the strong man of England, suggests a movement of like character on the part of the motherland. Each portion of the empire, therefore, is moving voluntarily toward the same goal. The trust bond to unite the empire was, in his judgment, neither self-interest, nor physical strength, but the wonderful freedom of the British system wherever it exists.

Sir William was not in complete accord with the social councils forthcoming from some quarters in the matter of imperial defense. He thought Canada had already done a great deal for Imperial defence and Canadian defence, by attracting thousands of British citizens to the west, and by developing the Dominion's resources.

Sir Sanford Fleming recited the story of the Pacific cable and suggested sending a Canadian commissioner, preferably a cabinet minister, to Australia to clear up the misunderstanding with that commonwealth concerning the business future of the cable. The proposal in this direction was endorsed by the meeting.

Alex. McNeill then moved a resolution of satisfaction upon the recent speech of the Hon. Joseph Chamberlain. Col. Denison was re-elected president for another term.

Danish Criminals Sent To Canada

Free Press.—The Danish government has discovered a scheme for dealing with prisoners compared with which the abolition of capital punishment is a mere pastime. It has been brought to the notice of the authorities that eight Danish prisoners have been deported to Canada. At least eight are known to have been sent from Hørsens to Vidloessilla, where they were to be joined by some others and shipped to Canada. Very little is known of what has occurred since. The immigration officials here are on the alert for the men, but have been unable to locate them, and think that they have not come this far west as yet.

That the fact is getting the sanction of many Danes is evident from the following clipping from a Copenhagen paper. "Here is a new way of getting rid of our prisoners. They can be sent out to Canada, which country is very anxious to secure immigrants, where they will be given work on farms and other labor. Some are now being sent out as an experiment, and it is likely that others will follow those now awaiting shipment in Copenhagen."

It cannot be ascertained just what the crimes were for which they were sentenced, whether serious or not, but a close watch will be kept for them, and if they reach this country they will be promptly sent back for the Danish government to suggest some new scheme.

WANTED TO RENT.

NOTICE.

To Contractors, Farmers and all who
have machines liable to renewal
or repair.

The business heretofore carried on
under the name of the "Edmonton Iron
Works" will now be transacted by the
"Edmonton Iron Working Company" at
the same place of business as in the
past.

The new company is now installing
new machinery as fast as it can be got
upon the ground. The company is al-
so prepared to furnish to the various
trades all cast iron work and ma-
chined castings at a price that will
prohibit importation of these things.

CONTRACTORS.
Contractors can procure cast iron
columns of any design, cast iron
bolters and thrashers overhauled and
put in first class state, thus, in any
case, saving the expense of a new
machine for some years.

FARMERS.
Farmers can have their mowers,
binders and thrashers overhauled and
put in first class state, thus, in any
case, saving the expense of a new
machine for some years.

OWNERS OF ENGINES AND BOIL-
ERS.
Competent men are always on hand
to go into the country and repair en-
gines and boilers that cannot be
brought to the shops.

Tubes, steel for patches, patch bol-
ters, etc., always on hand.

TERMS.
Terms cash, except in cases of prom-
issory accounts.

The new company asks no favor
from the public except opportunity;
therefore if work is not promptly and
satisfactorily performed it will be
deemed sufficient reason for the dis-
continuance of the customer.

Customers will confer a favor upon
the company by reporting any fault
or dissatisfaction by the employees to
the performance of their work.

All correspondence to be addressed to—

The Edmonton Iron Working Co.
